Bat Rules:

- ASA Only Stamp bats are banned from League Play
- No Senior Bats are allowed in Regular league games (They are allowed in Senior Games Only)

LEAGUE RULES:

A pre-game conference is a meeting involving the umpires, coaches and or team captains at home plate. The meeting should begin approximately five minutes prior to the start of the game. The purpose of the pre-game conference is to exchange and check each team's lineup cards and as well as a coin flip to determine who is the home and away team and to discuss ground rules.

- All batters come to the plate with one ball, one strike. No Courtesy Fouls
- Time limit on all games is one hour (60Min), no inning will begin after the time Limit has expired unless the game is tied. After seven innings or time limit exceeded the teams are tied there will be a Texas - tie breaker put into play. There are no tie games. The Playoff Games Will Have the standard Game Time limits, Championship Game has a Time limit of 70 minutes. No new inning will start after this allotted time.
- The following run rules are in effect for all games 20 Runs 3 after 15 runs after 4 Innings 10 after 5 innings
- A Coin flip will determine which team is home and way for every game regular season games. The playoff's the higher seed will be the home team.
- All levels of men's and women & co-ed play teams may use the extra hitter (EH). In a league play a team may bat up to 14 hitters.
- In all league games, a team may drop below the number of players with which they Began the game and continue to play provided that the number of players does not Drop below 8 players. However, if a team drops a player the team must take an out every Time the player is due up to bat unless the team has an additional player on their bench to Sub for that player.
- If a team loses a player to injury and does not have an available player to sub on the Bench and wants to use a pickup player you must check with the opposing Teams manager to allow you to pick up that player and sub for the injured player.
- If a team "drops" due to a player's ejection from the game, the team cannot use a sub for the ejected player and the team must take an out every time the ejected player is due up to bat. *At the time of ejection there is an extra hitter already in your lineup, that player may assume the fielding vacancy, However the spot of the ejected play will still be an automatic out every time the spot in the lineup comes up to bat. If the team does have an extra hitter in the line prior to the ejection a team may not fill that void in the field. They must play short fielders. And not add another player to the lineup.
- If a team loses a player due to work, and or gets mad and quits, etc. You may sub for That player provided you have additional player on your bench to sub for that player. You may not use a pickup player to sub for this scenario. If you have no available Players on your bench you may continue to play with an out being recorded each time The player is scheduled to bat. If the player who leaves is on base, the base is vacated, and an out is recorded. Please keep in mind that we have approximately 20 teams a night on the fields. So, if possible, please use the website for postponements of the games. If the game has not been postponed via the website One hour before game time. Then the decision to play becomes the umpire's reasonability to call off the games. Any concerns with the league or it's Umpires, field quality any general questions should be emailed in to info@hcsportsonline.com

Pitching Standards:

Slow pitch softball pitchers have the option of releasing the pitch from the pitching Rubber or from an area defined as the pitching area, which is a six-foot area directly behind the rubber. The rubber and the pitching area are both two feet wide. When he releases the pitch, the pitcher must have one foot on the ground either on the rubber or within that six-foot deep box. The pitch must come out underhand and must have an arc to its trajectory. The ball must go up at least 3 feet from the ground and cannot go higher than 10 feet above the ground. ***To be called a strike, the pitch must pass be at least 3 feet high off the ground and must hit the plate or attached mat behind the Plate. * Pitcher is required to wear a Face mask or helmet while pitching or must use a net. ** (Players Must Supply their own equipment)***

PINCH RUNNERS: Any player in the lineup may be a pinch runner, any player can be used as many times in an inning as needed, please inform the umpire that a player is subbing in for a pinch runner. Only male runners can run for male batters and Female runners for female batters. If the pinch runners are on base when it is their turn to bat the runner becomes an automatic out and must vacate the base to bat. This player may not be subbed out for another runner when it is his or her turn to bat.

Pick up players:

No Pickup players are allowed!

Non-Eligible Players

- If a team feels an opponent has a non-eligible player in their lineup, that team's manager Must inform the umpire that they would like to play this game under protest game due to their line-up. Make sure the umpire writes a protest on the official score card. Before the game ended. **
- There will be no pickup players allowed for the Playoffs if a team does not have enough players to field a team a Forfeit will be issued.

Hitting rules:

The following rules apply if (1) the ball hits a pitcher while in the pitcher's box without touching the ball touching the ground first or (2) a pitcher is injured by a hit ball and removed from the game due to the injury even for just one play:

- The bat will be removed from the game and placed behind the umpire on the fence for the remainder of the game (once a bat is removed from the game it cannot longer be used in that game). • After the game, the Umpire will inspect the bat. If the Umpire does not find an issue with the bat, it will be returned to the owner.
- If the Umpire feels the bat is unsafe due to cracks, or it looks altered, the bat will be tagged and reported to the USSSA and the Hillsborough County Athletic Office. • If the bat is tagged, it will no longer be eligible to be used for playing in our league without written proof that the bat has been properly tested and is safe for play in a USSSA sanctioned game.
- Umpires may request that any bat be removed from play if they feel it is unsafe.
- A bat tagged means: The Umpire will record the Make, Model, Weight, Color, and Bat ID (or SN#). The ID/SN# is sometimes located behind the batters taped handle. The Umpire will also record the owner's Name and Phone number and a brief description of the bat.
- The bat will be immediately returned to the owner once this information is recorded by the Umpire following the game (neither the Umpires or Hillsborough County Athletics will ever take possession of the bat after the game has ended).
- If an owner refuses to furnish the information needed to tag the bat or tries to restrict the Umpire from recording bat information as described above, the person will be suspended from play.
- If a player is caught using a bat the has been removed from play and tagged, that player and/or owner will be suspended
- New Rule If the ball is hit through the Pitchers Box in the air or One bounce off the ground the batter will automatically be out.

Co-Ed Rules:

In coed play, teams will bat using two ball concepts. Male players will hit the 12-inch ball, and females will hit the 11-inch ball. NOTE: If the pitcher throws the wrong ball and the batter hits the pitch, he or she will have the option of taking the result of the play or batting again using the correct ball. * Women can also choose a Men's Ball to Hit if they would like too. The only rules are you must have at least 3 women always playing anywhere in the field. If you only have 3 women in the field, you may only have 6 males on defense. With a total of 9 total players. If a team does not have three girls to start a game, it is a forfeit. In the Batting order you may never bat more than two males back-to-back. If a team is trying to field a team with 10 or more players, it must have at least 4 girls in its line up and in the field. With a max of 6 guys in the field. The most males you can have in defense position is 6 - in any scenario.

- Walks or Intentional walks If a walk is issued to a male batter with less than two outs the female must hit, if there are two outs the female batter has the option to take the base automatically Also in coed If there is back-to-back male batter the player is only awarded 1 base.

Miscellaneous:

- The Batting teams base coach will exchange the male and female balls with the pitcher not the umpire. Roster not turned in by the roster deadline will not be valid. Or if they are not filled out properly, they will not be valid, Missing signature names address will result in no valid roster.
- It is strongly recommended that teams should at minimum keep score for there at bats this resolves any discrepancy That may result in a scoring error. After every half inning the team should verify the score with the home plate umpire.
